A Question for Senator Pritchard.

For The Caucasian. KERR, N. C., April 4 .- Well, more bonds have been issued since I wrote last. Some Democrats say that bond issues do not cause us to pay any more taxes. If the people of the United States do not pay the taxes, who does pay them? We are all well pleased with Senator Butler's course in the Senate. He is certainly one of the greatest champions of the peoples' cause there is in the United

When I read the Senator's speech it made me proud to to think that he was representing North Carolina in the Senate. Butler and Tillman both For The Caucasian.] have the right kind of grit. Keep on, we are with you Senators.

Some Democrats have the impudence to say that Cleveland is a man honest in his convictions. Any man who will speak thus of Cleveland is as ignorant as the Democrat we heard of not long since. Some men were talking about the silver question in the Western States. A Populist said that the silver question was first agitated in the West. This smart man of "King Grover's band" said that was not so, for he had been to Mt. Airy, and from there clear to the Blue Ridge, and it was not so there. He said that he did not read, for he had been and seen for himself. This man thought Western North Carolina was the "Western States." Who can beat this as a sample of Democratic ignorance? This shows too well how they are led. They are ignorant of the doing of their party, and so they just follow blindly.

Now a word in regard to fusion. We are willing to fuse on terms of principle, and not otherwise. We will vote for no gold-bug for any
